

I-CORPS@NCATS REGIONAL SHORT COURSE

WHAT IS THE BUSINESS CASE FOR YOUR TRANSLATIONAL SCIENCE?

Find out via the I-Corps@NCATS Regional Short Course. Based on the National Science Foundation's Innovation Corps (I-Corps™) program, the premier federally-funded innovation and commercialization training in the US, I-Corps@NCATS provides biomedical scientists, clinician scientists, and engineers with a new approach to accelerate the translation of discoveries from the lab to market.

WHO SHOULD ATTEND?

Teams of faculty, postdocs and/or students with biomedical innovations or ideas

WHY SHOULD YOU ATTEND?

The five-week I-Corps@NCATS Regional Short Course will help you connect with potential customers for your research projects, protocol, service, or prototype:

- Determine the commercial viability of your innovation
- Develop a successful business case for securing funding
- Expand your network of innovation partners, mentors, and potential collaborators
- Develop a new way of thinking about your research

ALL SESSIONS ARE VIRTUAL AND FOLLOW THIS SCHEDULE:

Orientation Session prior to Course Start	Thursday, April 6; 2pm (time TBC)
Week 1 Kick- Off Meeting	Friday, April 7; 9am-3pm
Week 2 Office Hours	Week of April 14
Week 3 Mid-point Session	Friday, April 21; 9am-12p
Week 4 Office Hours	Week of April 28
